Subject Ground Script Use of STOL and UNIX commands

Description of Problem or Suggestion:

It is unclear whether STOL and UNIX commands can be issued from a ground script.

Originator's Recommendation

Allow the execution of STOL and UNIX commands from ground scripts for increased automation.

STOL commands and procedures can be executed from a ground script. UNIX command can included in a STOL procedure, thus they too can be executed from a ground script. See section "9.1.1.5 Command Language" of DID 304, FOS Requirements Specification.
